Modular Connections Buildings

Concrete substation and telecommunication building systems including fully outfitted electric utility control buildings, fully wired telecommunication shelters, and FEMA361/1CC500 Storm Shelters. We will completely design, build, and outfit buildings to your specifications.

SEECO

Group operated disconnect switches, phase over phase switches for substation and transmission; vacuum interrupter devices; motor operators and line post sensors for sectionalizing.

Service Wire

Bare copper, insulated copper LV, and control cables. Cable management programs.

Southern States - Medium Voltage Distribution

Automated single and 3-phase reclosers with programable controls (SEL, others)

Speed Systems, Inc.

Underground cable stripping tools

TS Conductor

High efficiency, high capacity overhead conductor for transmission and distribution. Compatible with ACSR/ACSS tools and work methods.

Vanguard Electric

Substation and distribution porcelain insulators
